

# National Careers Week

## National Careers Week

Please [click here](#) to access a wealth of exciting information as a part of National Careers week- Monday 1 March until Saturday 6 March.

universities, colleges and apprenticeship providers from across the UK attending. Students will be able to speak directly with admissions teams and recruitment officers from Russell Group, Red Brick, Modern and Specialist universities, along with higher and degree apprenticeship providers. The event will also feature virtual campus tours so students can explore universities from their laptop. With even more universities (100+) attending including Oxford, Manchester, Glasgow, Swansea, Queen's Belfast, Reading, Kent, Greenwich and National Apprenticeships, they will also be hosting a series of new webinars to help guide you no matter where you are in the decision making process. Students, teachers and parents can [register now here](#).

## UK University and Apprenticeships search

UK University and Apprenticeships Search Fairs 2020/21

With university open days on hold, the UK University & Apprenticeship Search Virtual Fair will be returning on March 17th to help students from Years 11, 12 and 13 explore their post 18 options, with over 100

## Inspiring Careers excellence

This event will be broadcast live from 9am to 12pm on Wednesday 24 and Thursday 25 March 2021. Please [click here](#) to find out more.

### Spotlight Talks

## Inspiring careers excellence

**Spotlight Talks:** Inspiring careers excellence will build on the success of the first event to bring together the UK's leading employers and apprentices to inspire even more young people, from all walks of life, to take up technical career route and apprenticeships.

Spotlight Talks will inspire young people of all backgrounds to consider technical and vocational routes, highlighting the opportunities and career pathways available. During these tough times we must ensure that young people continue to have access to

high-quality careers advice. The new digital climate is being utilised to reach young people from across the UK, tackling vocational snobbery by providing inspirational careers advice for the benefit of young people, employers, and the UK economy.

This event will be broadcast live from **9am to 12pm on Wednesday 24 and Thursday 25 March 2021.**

## Careers opportunity with JP Morgan

Opportunity  
for YEAR  
12 Students

### Who are J.P.Morgan?

[J.P.Morgan](#) is the world's top investment bank and the 7th largest technology company internationally. They are a global leader in financial services, offering solutions to the world's corporations, governments and institutions in more than 100 countries.

J. P. Morgan do first class business in a first class way and want to work with the youngest generations to drive innovation. They have ample opportunities for students, during and after school, including their Uptree exclusive Technology Summer School.

### Technology Summer School

For the first time ever, J.P. Morgan will be hosting a Technology Summer School that is only open to [Uptree students](#). (Please click on the Uptree link to register). This is your chance to stand out to J.P. Morgan recruiters and professionals who will be leading the week! This amazing opportunity will be taking place between the **16th and 20th August 2021**. 40 current Year 12 students will get a week-long summer work

experience to learn about technology, cybersecurity and more, at a global organisation.

And that's not all! By attending, you could also be fast-tracked for J.P. Morgan's degree apprenticeship schemes.

[Register here for this amazing opportunity](#)

**Deadline: Sunday 7th March**, although this may close earlier depending on applicant numbers. Make sure to apply straight away to avoid missing out!

### What will you get up to in the week?

#### On the Job Experience

- Extended group research project designed to test and develop your professional skill set.
- Presentations from different J.P. Morgan representatives about their day-to-day experiences, in sectors such as global technology solutions and cyber security
- Chance to present your solution to a panel of J.P. Morgan and industry experts

#### Career Progression

- You will gain an understanding of the business world by hearing about the different career paths available
- Get a head start on future opportunities at the firm and tips on how to apply
- You may also be fast-tracked for J.P. Morgan's degree apprenticeship programmes!

**To apply you must:**

- Be in Year 12, have 3 GCSEs and be going into Year13 in September 2021
- You do not need to have previous experience in technology but they will be looking for students who have an interest or hobbies that are relevant
